

James York is the CEO of ICTTM, bringing extensive experience in international trade, technology, and business development. He has worked across industries such as e-commerce, virtual reality, and recruitment, helping startups and enterprises optimize operations, scale sustainably, and navigate complex challenges. With a degree in International and Global Studies from NYU and a wealth of international experience, James brings a global perspective to his work. At ICTTM, he leads efforts to provide businesses from around the world with actionable trade data, leads, and regulatory insights, empowering them to succeed in today's competitive markets. James is passionate about innovation and collaboration, dedicated to driving meaningful impact in the global trade ecosystem.

Ron Nolasco is a skilled professional specializing in global outreach, event coordination, and stakeholder engagement. As Global Outreach Manager at the International Trade Council, he develops strategic partnerships, organizes international events, and fosters impactful connections among global stakeholders. With expertise in customer service, communication, scheduling, and webinar management, Ron delivers exceptional results and seamless support to teams and stakeholders. He holds a BA in Psychology from AMA University and brings a results-oriented approach to every project.

Onyx Connor is an Admin Manager at the International Trade Council (ITC). He began as an Assistant Trade Commissioner, contributing to several international trade events, including Trade Missions and the Go Global Awards, by coordinating with delegates and organizing business meetings. Currently, he serves as Customer Success Manager for ADAMftd, helping clients onboard to the ADAMftd platform through live demonstrations, ensuring they maximize its features. He remains dedicated to supporting the both the ITC and ICTTM missions of fostering global trade and collaboration.
