

Byblos Old Port:

A Journey Into a Celestial 3D Mapping Performance

UNESCO Byblos Site, walls of the Port Fort of Byblos
September 23, 2023 exact date of the equinox
8:30 p.m.

In the framework of the EU-funded project IHERITAGE, the Chamber of Beirut and Mount Lebanon in collaboration with Byblos Municipality is delighted to invite you to:

iART: Festival of Digital Arts for Mediterranean UNESCO Cultural Heritage
Signed by CRE8MANIA

Join us for an evening of rich cultural immersion, as we illuminate the ancient Byblos port with epic stories. Witness a mesmerizing mapping show revolving around the concept of the sky as an intangible cultural space of Mediterranean people.

Embark on a journey through time and space as you discover the captivating tales of Byblos across celestial deities, cultural spectacles and cosmic connections.

Public invitation

Viewers will be able to see the show from the below locations:

- . Standing right next to the port (behind the boat area)
- . Standing on the dock
- . From the restaurants around
- . Standing on the elevations behind the restaurants
